**SUBMISSION OF HARD COPY OF NON-U.S. PATENT REFERENCE**  
**THAT WAS CITED IN IDS (Information Disclosure Statement) THAT**  
**ACCOMPANIED AN EARLIER FAX-FILED PETITION FOR WITHDRAWAL**  
**FROM ISSUE UNDER 37 C.F.R. §1.313**

The Applicant submitted, via a facsimile-filing on 01-16-2007, a petition under 37 C.F.R. §1.313 for the withdrawal from issue of the above-referenced U.S. utility patent application to permit consideration of one (1) reference being submitted via IDS (Information Disclosure Statement).

The issue fee for the above referenced U.S. utility patent application was submitted in a filing that was mailed on 12-21-2006.

Also in the facsimile-filing on 01-16-2007, the Applicant submitted an RCE (Request for Continued Examination) to requests independent consideration by the Examiner of the one (1) reference cited within the IDS.

It is requested that the enclosed reference listed on the attached Information Disclosure Statement by Applicant be considered by the Examiner in connection with the above-identified U.S. utility patent application and be made of record therein. During examination of a related EP patent application, the Examiner of the related EP patent application identified the enclosed reference. The cover letter provided by our foreign associate as well as a hard copy of the non-U.S. patent reference are being submitted

herewith. The reference cited within the IDS is being mailed separately as sending it via the facsimile-filing on 01-16-2007 would have been impracticable.

Certification Under 37 C.F.R. § 1.97(e)(1)

I hereby certify that the corresponding enclosed reference was cited in a communication from a foreign patent office in a counterpart foreign application (European Patent application 03022638.5-1247) not more than three months prior to the filing of this Information Disclosure Statement by Applicant.

Independent consideration and acknowledgment of the enclosed reference is respectfully requested.

A hard copy of the non-U.S. patent references cited within the IDS is being mailed separately as sending it via the facsimile-filing on 01-16-2007 would have been impracticable.

Since prosecution on the merits is closed for the above-referenced U.S. utility patent application, the hard copy of the non-U.S. patent reference is being subsequently mailed via 1<sup>st</sup> class mail to the following address as instructed by the Office of Petitions:
